MORINGA GREEN TEABAG

Product Name	: Moringa Green Tea (Teabag)
Product Code	: NIE 02
Composition	: 90% Organic moringa leave, 10% Green Tea
Particle state	: Powdered
Distribution	
Permit Number	: BPOM RI MD 6690110131777
Laboratory of test	: PT. Saraswanti Indo Genetech
Packaging	: Alumunium foil
Net Weight	: 40 grams (2 grams per teabag)

Product Description:

Moringa Green Tea (Teabag) contains all the nutrients and benefits of moringa and green tea combined in one teabag. We use bleach-free and food-grade bags; hence, consumers are safe when consuming the tea we produce.

There are thousands of compounds in nature considered anti-oxidants, but most are found in minimal concentrations. However, the past six years have witnessed the discovery of an ultimate source of anti-oxidants. Dried Moringa leaves are considered the most powerful anti-oxidant on earth. The combination with green tea produces a blend of antioxidants and anti-inflammatory compounds that work well in protecting the body from the devastation of free radicals. The Moringa -Green Tea combination yields a much more effective effect than the individual materials.

Moringa Green Tea is one of the most effective ways to maintain a healthy body. Protects body cells from damage due to free radicals that come from air pollution, preservatives, junk food and even the body's metabolic waste. Drinking Moringa Tea every day, you will feel a real change in your body's fitness condition.

Serving Instruction:

Put a teabag in a glass of hot water and close the glass. Allow it to get warm and enjoy the warmth of Moringa Green Tea. It can be used up to three times. For details, see the label on the packaging.

MORINGA DRY LEAVES

Product Name	: Moringa Dry Leaves - Infused dry moringa leaves
Product Code	: NIE 04
Composition	: 100% Organic Moringa Leaves
Particle state	: Moringa leaf Simplicia
Distribution	
Permit Number	: BPOM RI MD 669110051777
Laboratory of test:	PT. Saraswanti Indo Genetech
Packaging	: Alumunium foil
Net Weight	: 15 grams

Product Description:

Moringa Dry Leaves is an infusion of dried Moringa leaves, derived from organic moringa leaves without fermentation. Generally served and drunk as infused tea.

The Journal of the National Cancer Institute in 1994 published the results of an epidemiological study showing that drinking moringa tea reduced the risk of oesophageal cancer by nearly 60 per cent in both men and women in China. Researchers from the University of Purdue also recently concluded that compounds in Moringa tea inhibit the growth of cancer cells. There are also studies showing that drinking moringa tea lowers total cholesterol levels, as well as increases the ratio of good cholesterol (HDL) to bad cholesterol (LDL).

The secret of "moringa tea " is its enormous catechin polyphenols, especially epigallocatechin gallate (EGCG), a very potent anti-oxidant. In addition to inhibiting the growth of cancer cells, it kills cancer cells without harming the surrounding healthy tissue. EGCG has also been effective in lowering LDL cholesterol levels and inhibiting abnormal blood clot formation, a primary cause of heart attacks and strokes.

Serving Instruction:

Prepare a glass of hot water, then add dried Moringa leaves. The amount depends on your taste. If you desire a beverage with a stronger taste, add more leaves. Cover the glass and allow it to get warm. Enjoy the warmth of infused dried moringa leaves in the morning and evening.

MORINGA INFUSION

Product Name	: Moringa Pyramid Infusion
Product Code	: NIE 04
Composition	: 100% Organic Moringa Leaves
Particle state	: Moringa Tea Leaves
Distribution	
Permit Number	: BPOM RI MD 071182000500076
Laboratory of test	: PT. Saraswanti Indo Genetech
Packaging	: Alumunium foil each tea bag
Net Weight	: 2 grams each bag x 15 tea bags (30 grams)

Product Description:

Moringa Pyramid Infusion Tea Bags offer all the benefits and properties of organic dried Moringa leaves in a convenient packaging. The tea bags we use are free from bleach and are food-grade, pyramid-shaped, ensuring safety when consuming the resulting infusion.

There are thousands of compounds in nature that are considered antioxidants, but they are always found in very small concentrations. In the last six years, the highest source of antioxidants has finally been discovered. Dried Moringa leaves are recognized as antioxidants and anti-inflammatory compounds that work effectively to protect the body from free radical attacks. Moringa Pyramid Infusion becomes a much more effective compound in regulating blood sugar due to its EGCG content, which functions like insulin. Moringa contains antioxidants and compounds with anti-inflammatory characteristics or compounds with both antioxidant and anti-inflammatory properties.

Moringa Pyramid Infusion is the most effective way to maintain body health. It protects against cell damage caused by free radicals from air pollution, preservatives in food, junk food, and even the metabolic waste produced by the body itself. Drink Moringa Tea daily, and you will notice a significant improvement in your body's fitness and well-being.

Serving Instruction:

Place one Moringa Pyramid Infusion tea bag into a cup of hot water and cover the cup. Let it steep until it becomes warm, then enjoy its warmth. It can be used for up to three infusions. For more details, please refer to the packaging.

MORINGA GINGER ORIGINAL

Product Name	: Moringa Ginger Original
Product Code	: NIE 05
Composition	: 90% Ginger Powder, 10% Royal Moringa Leaf Flour
Particle state	: Powder
Distribution	
Permit Number	: BPOM RI MD 6690110091777
Laboratory of test	: PT. Saraswanti Indo Genetech
Packaging	: Alumunium foil
Net Weight	: 150 grams

Product Description:

Original Moringa Ginger is an infused drink made from the Royal Moringa Leaf powder mixed with carefully selected ginger powder and crystallised white sugar. Ginger powder is processed from selected ginger rhizomes which are grated, and juice squeezed out, not synthetic ginger flavour. Ginger was also obtained from grating fresh rhizomes and pressed to obtain juice, not sundried before grinding.

Moringa and ginger are known to have powerful anti-oxidants that scavenge free radicals. Very good for increasing the value of daily nutritional intake, maintaining and increasing the body's resistance from free radical attacks. It also contains 18 essential amino acids from the Royal Moringa powder component. Aside from serving as a hot or cold drink, Original Moringa Ginger can also be mixed into cake dough, pudding, jelly, etc. Develop your customised culinary by adding Original Moringa Ginger to enrich the taste, aroma, and nutritional content.

Serving Instruction:

Original Moringa Ginger can be served in the form of hot or cold drinks, can also be mixed into cake doughs, pudding, jelly, etc.

20 grams of Original Moringa Ginger + 100 ml of hot water (stir).

20 grams of Original Moringa ginger + 100 ml of cold water + ice cubes (blend).

Mix the Moringa Ginger according to your taste into the food mixture. It will give a unique taste sensation. Start small and get creative; discover the difference.

MORINGA COFFEE ORIGINAL

Product Name	: Moringa Coffee Original
Product Code	: NIE 06
Composition	: 90% Selected coffee, 10% Fine Moringa Leaf powder
Particle state	: Powder
Distribution	
Permit Number	: BPOM RI MD 669011009777
Laboratory of test:	PT. Saraswanti Indo Genetech
Packaging	: Alumunium foil
Net Weight	: 150 grams

Product Description:

Original Moringa Coffee is an infused drink of ne Royal Moringa powder mixed with self-processed coffee.. Moringa coffee comes from carefully selected coffee beans which are traditionally roasted and grounded to powder. It contains the 18 amino acids intact from the Royal Moringa powder. The addition of Royal Moringa also creates a unique taste in the brewed coffee.

Moringa coffee is known as an energy booster and is ideal for starting the day. Aside from being a mood booster and body strength builder, some researchers have reported that moringa coffee prevents Parkinson's disease and increases brain function—an ideal day starter for coffee lovers.

Serving Instruction:

Begin with 100 ml of water and 20g moringa coffee original

Afterwards, add to meet taste preference and enjoy with red sugar or other sweeteners.

It can also be served cold, like smoothies or mixed with ice cream.

Endeavour to explore your creativity with moringa coffee and realised the difference.

MORINGA PANDANUS GINGER

Product Name	: Moringa Pandanus Ginger
Product Code	: NIE 07
Composition	: 30% Ginger Powder, 30% Pandan Powder, White Sugar, and 10% Royal Moringa Leaf powder
Particle state	: Powder
Distribution	
Permit Number	: BPOM RI MD 6690110025777
Laboratory of test:	PT. Saraswanti Indo Genetech
Packaging	: Aluminium foil
Net Weight	: 150 grams

Product Description:

Moringa Pandanus Ginger is an infused drink made of the Royal Moringa Leaf powder with Pandan leave powder and ginger crystallised with white sugar. Ginger powder is processed from selected ginger rhizomes which are grated and squeezed to obtain juice, not synthetic flavour. The addition of pandan leaves during the crystallisation process makes it unique and gives it a natural taste of the Archipelago.

The beverage contains the 18 amino acids contributed by the Royal Moringa powder. Moringa and ginger are known to have powerful anti-oxidants that scavenge free radicals. Very good for adding value to daily nutritional intake, maintaining and increasing the body's resistance from free radical attacks. So many scientific research results show the efficacy and benefits of Moringa and Black Tea as beverage that maintains daily body health.

Serving Instruction:

Put one bag of Moringa Black Tea into a glass of hot water, then cover the glass. Allow it to warm and enjoy the warmth of Moringa black Tea. A bag of moringa black tea can be used up to three infusions.

For details, see the packaging

MORINGA OOLONG TEABAG

Product Name	: Shapire - Moringa Oolong Teabag
Product Code	: NIE 18
Composition	: 75% Organic Moringa Leaves, 25% Oolong Tea
Particle state	: Tea Powder
Distribution	
Permit Number	: BPOM RI MD 869011027777 :
Laboratory of test	PT. Saraswanti Indo Genetech
Packaging	: Alumunium foil
Net Weight	: 1 teabag @ 2 grams

Product Description:

Shapire- Moringa Oolong Teabag is an infused moringa leaf drink integrated with selected Oolong Tea. Combining these two products contains high E G C G (Epigallocatechin Gallate) levels, which functions as a strong anti-oxidant. Very good for maintaining and increasing the body's resistance from free radical attack

This integration of Moringa and Oolong Tea has a distinctive taste and aroma due to the unique way of processing both. Moringa leaves are cultivated according to organic farming rules and are dried and processed using the "**Moringa Nutrition Lock Method**" from the Indonesian Organic Moringa centre. Meanwhile, the Oolong Tea is sourced from credible suppliers who process it with high standards.

Packaging is done in a bleach-free, food-grade tea bag.

So many scientific researches have shown the benefits of Moringa and Oolong Tea as drinks to maintain a healthy body.

Serving Instruction:

Put one Teabag of Moringa oolong tea into a glass of hot water, then cover the glass and allow the temperature to drop to warm. Enjoy the warmth of Moringa oolong Teabag. A bag of moringa black tea can be used up to three infusions.

For details, see the packaging.

ROYAL Moringa Capsule

MORINGA SEED OIL

Product Name	: Kelorina Seed Oil (KSO)
Product Code	: MIO.01-100/MIO.02-20/MIO.03-10
Composition	: 100% Moringa Seed Kernel Oil
Particle state	: Oil
Permit Number	: Dinkes Kab. Blora No. 107331602213-19
Laboratory of test:	PT Saraswanti Indo Genetech
Packaging	: Glass Bottle, Acrylic
Net Weight	: 10 ml, 20 ml, 100 ml, 500 ml and 1 liter.

Product Description:

Moringa Seed Oil has been known for thousands of years. The famous Cleopatra of Egypt has used it since ancient times. This is why there is always a moringa oil sample in every Pyramid in Egypt. KSO is a 100% pure Moringa seed oil, a natural vegetable oil known as Ben oil or Moringa Oil.

KSO gently exfoliates dead skin and cleanses it from the surface, normalising moisture, elasticity, facial redness, and maintaining natural beauty. Regular and continuous use on facial skin gives the effect of young, healthy and glowing skin.

KSO is an all in one go skincare product that functions on the face as a cleanser, moisturiser, protector, and a perfect substitute for lotions and creams made from synthetic chemicals. It also protects the skin from pollution, sun exposure (UV, sunblock) and synthetic chemical residues.

Serving Instruction:

We recommend that KSO be used on the face every day, morning and night for satisfactory results. KSO has become the base ingredient for the manufacture of most natural herbal cosmetics and perfumes. This is due to its nutritional and abundant anti-oxidant content, making it the most stable oil. It also functions as a natural preservative in herbal cosmetics because of its ability to withstand rancidity for more than 10 years.

Apply in a thin layer on the surface of the skin or as a foundation. It can also be consumed as a substitute for fish oil (one teaspoon, three times a day). Consuming it this way unleashes the full complement of the omega 3,6, and 9 contained in Moringa seed oil.
